

PRICING : Fun Sounds

1. What you (can) get:

You will get a huge variety of Sound Files, all 100% free of 3rd party rights, all produced inhouse. Sounds are basically classified as "global" or language specific. "Global" are all those sounds, which either contain no language elements or only basic english language which can be considered as globally understandable.

Each package consists of Master Files in MP3 Format with full length and different handset formats in various lengths. In addition there are prehear files with teaser overlay in every available language.

2. That's the price:

The Pricing Table can be found on Side II due to size!

3. Special conditions

Above prices are for the license as defined in the "LICENSE.PDF" sheet which also can be found in this presentation package. If you

- don't need such an extended license and only want to have limited conditions
- only are active in low price regions
- have any other reason why you think a lower price would be justified

you can apply for special conditions, using the "SPECIALCONDITIONS.DOC" form also available in this package!

4. Payment / Shipment

Content will be delivered AFTER the payment has arrived on our account. Smaller packages (below approx. 1 GB) are delivered by Download (via FTP or HTTP), bigger packages are shipped on DVD. Standard delivery should last between 5-8 days.

- Shipment of smaller packages will be charged with € 50,-
- Express delivery will be charged with extra € 50,-
